TO: DAVID BRUCE
FROM: HENRY A. KISSINGER
SUBJECT: Contact with DPRK Delegation

Appreciate your report of first meeting with representative of the North Korean mission. It seems likely that, as you suggest, the meeting was more to test the waters, than to pursue their concern over forthcoming attendance at the UNGA. Time will tell. If any further meetings are proposed please advise using this channel.

As to North Korean attendance at UN, you can confirm that North Korean delegation will be accorded diplomatic privileges, immunities and protection given all other delegations.

Please send substance of your messages to the Department in NODIS channel as follow-up to Peking 589. This will get bureaucracy involved. We will push them to do what is needed.

Warm regards.
